

Cherry G80-11900

Compact 19" Keyboard with integrated Touchpad

**Description****Applications**

- This keyboard fits perfectly into standard 19" drawers and can therefore be used in all areas where a computer is built into a 19" system.
- Ideal for applications where no more space is left for an additional mouse device

Features

- The keyboard has a built in [Touchpad](#) with two mouse buttons.
- The switches are Cherry MX-switches with gold/gold contacts.
- The lifespan of the keyboard is therefore a minimum of 50 million keystrokes per key.
- Use of standard Mouse driver
- Available in the most common languages

Specification**Mechanical data**
