

## KVD-102 Frontpanel Version

Stainless steel keyboard with long-travel keys integrated into a front-panel.

---

## Description

### Applications:

- This keyboard has a wide range of uses in many fields due to its robust construction that is virtually indestructible. Such areas are points of information or ticketing machines.

### Features

- Thick front plate of 2.5 mm high-grade steel
- The laser-etched key caps do not allow the legends to wear off, they cannot be pulled out and are not inflammable
- Dust- and waterproof according to DIN [IP65](#) (front)
- Stroke of 3.5 mm

Tastaturmaße	Einbaumaße
