

KTQ-95 Longtravel Keyboard with integrated Trackball

Standard keyboard with 95 keys.

Description

A [Trackball](#) which is compatible with Windows is integrated in the KTQ-95 keyboard. All functions of a mouse are offered without using important space on the desk. The trackball has an ergonomically convenient movement.

Features

- The keys of high-quality give you soft touch.
- The trackball has large mouse keys and is thereby comfortable in usage. The resolution is variable from 20 to 6400 dpi in which one dot on the display can exactly be pointed at with the mouse pointer. But you can also cross the whole display with a short movement.

Specification

Mechanical data

Dimensions:	474 x 190 x 35,5 mm
