Features

- Two functions in one device: Compact keyboard with single keys with gold contacts and an integrated high-quality 16 mm trackball. For all applications, where a mouse cannot be used due to space reasons. Suitable for 19" drawers.
- Very light device (720g) for any usage which requires a very light and small device.
- Interface bi-directional, synchronous for communication in IBM-synchronous format for AT-, PS/2 systems. Connection via 2 6-pol PS/2 plugs.

- ML-button with gold crosspoint-contact and button for high fidelity. Lifespan of each key more than 20 million key strokes.
- Editions for various countries available.
- For all systems which require a pointing device.
- As an ideal addition we recommend the number block G 84-4700.
- No WIN95/98 keys.
