Product description

The TVG-Series has now one more module available: Next to the established trackball version, a high-quality touchpad module can be delivered. This front-panel mounted touchpad is vandal resistant, water and dust proof and available with two integrated mouse buttons. Either, on top or bottom of the touchpad. The switches are flush with the front-plate and cannot be pried out.

The module is ready to plug and play. No further devices, parts or drivers are required. It is ideal for integration in existing applications like Infoterminals, Industrial Applications, Aircraft and Marine Business as well as for medical use.

Features

- Easy to handle
- On top of the touchpad two mouse buttons are integrated for easy data input.
- The touchpad module comes with IP 65.
- Customized trackball mouse keyboard.
