Product description

The new 19-inch drawer offers a very good protection against all types of pollution, as occur in industrial use. The snap lock ensures a the locked status of the drawer and protects the entire unit against contamination.

The 20 ° angle of inclination brings the keyboard in an ergonomic writing position.

Ideal for the standard 19" industrial keyboard KWD-85 by GeBE. This long-travel keyboard comes with IP65 and an integrated trackball. Both can be delivered separatly.

For areas with high demands like mechanical engineering, control technology, measurement, drive technology, industrial production and many more
