Product description

The vandalproof frontpanel version with 62 longtravel keys comes with integrated trackball 1.5 inches and a protection level of IP65.

The KVD-62 has an extremely competitive size. With only 315 x 115 x 33 mm it is easy to integrate in small existing housings.

Furthermore it is absolutely robust and good to type on with 3.5 mm stroke.

Features

- Keyboard made of stainless steel 1.4301
- Fulltravel keys with 3,5 mm stroke and tactile feel
- Protection level IP 65 (dust- and splashwater proof)
- Lasermarking
- Stainless steel trackball 1.5 inches (static IP 65, dynamic IP 54)
- With PS/2 or USB port
