Features

- The tactile keys and the large ball are ergonomically positioned. The detachable wrist support offers ease of use even for long durations of time
- The ball is especially easily positionable because of its mass and size. It has a diameter of 51 mm.
- The ball is removable and therefore easy to clean.
- The button lock function makes applications such as drag + drop simpler to perform.
- The resolution is adjustable from 20 to 6400 dpi.
- IBM or compatible PC
- No driver needed under Windows 2000/ME/XP
