for 19 inch

Keyboards

Product description

The antibacterial and sterile keyboards together with the matching cool mouse in a set offer a hygienic data entry.

Each key has at least one light embedded under it. The brightness can be adjusted to three different levels for a variety of lighting conditions. We finally added the Swiss/Luxemburger layout to our list of available language options.

Features

- Sealed silicone design for dust-free, contaminant-free and waterresistant use in DIN IP 68 (proved according to directive EN 60601) - Please note certificate below
- Easy cleaning with appropriate disinfectants, fully immersible and completely sealed.
