Product description

Hygienic and robust silicone keyboard Slim Cool in a compact PC standard layout.

The Slim Cool is completely sealed, seamless and can easily withstand regular cleaning with surface disinfectants. With a size of 14 x 30 cm, it takes up little space and the low button profile enables easy cleaning. Thanks to a key lock function, unnecessary entries or commands can be prevented during cleaning.

Features

- The USB cable can remain connected during cleaning. Modern technology also allows cleaning and disinfection through complete immersion.
- Sealed silicone design for dust-free, contaminant-free and water-resistant use
- Tactile feedback similar to standard keyboard
- Cleans with soap and water
- USB connection
