Product description

Clear key lenses keep your printed or hand written legends securely in place and protect them from wear while making it quick and easy to update them. The full travel keys have the same feel as your standard keyboard.

A wide variety of key caps and key blockers make it easy to customize the XK-60/XK-80 into a simple control surface like a bump bar or a live audio switcher.

Features

- Addressable blue and red backlighting for each key
- Easy to program with integrated software
- Create a bump bar or custom control pad with keycaps and key blockers
- 60 relegendable keys
- Mit Macro Works 3 Software für Windows und ControllerMate für Mac OS-X
- 2 layers - user selectable toggle and/or shift keys
