Optional Video Switcher Key Set

XKE-124 T-Bar featuring the optional video switcher key set.

XKE-124 T-bar Video Switcher

*Comes preassembled

Product description

This USB-keyboard is freely programmable. It comes equipped with an aluminium enclosure and offers 44 (respectively 124 keys fully populated) and LED-indicator. Use the T-Bar for smooth, accurate and reliable control.

The blue and red backlighting for each individual key, allows the device to be visible in low lighting areas, perfect for areas where speed and efficiency is paramount such as in editing suites and recording studios.

With the full featured application JustMacros from VIS you can record all commands, edit and call them up. JustMacros is available to download free and licensed: www.justmacros.tv.
