Product description

The KVG-12-R number pad has 12 round, raised keys and is easy to use. The keystroke is clearly noticeable and only requires a slight pressure when entering data. The backlight (with white or blue LEDs) makes it a reliable companion, especially in public areas (ZDK access controls).

Optionally also available without backlight: KVG-12-R ohne Hintergrundbeleuchtung >>>

Features

- Back-mounted version with practical backlighting (LEDs in white and blue)
- 12 sturdy stainless steel buttons with abrasion-resistant lettering
- Customization of the key labeling possible
- Very suitable for publicly accessible areas (ZK - access controls)
- Front protection according to DIN IP65
- Available on request with suitable controller GCK-978

Technical data

Mechanical data

Degree of Protection	IP65 on front
Dimensions	73 x 93 x 15 mm
Weight	0,2 kg

Keys

Number of Keys	12
Operational Life	3 mio. keystrokes min.
Actuation Force	4 N
Stroke Travel	0,6 mm

Electric Data

Operating Voltage	5 V
Operating Current	4 mA

Environment

Operating Temperature	from -10 °C to +70 °C
Storage Temperature	from -25 °C to +85 °C
