Product description

Designed by experienced instant replay operators to take full advantage of features in vMix Instant Replay. Instantly customizable. A perfect match for the template included in vMix v22 and newer.

The X-keys XKE-64 Replay provides a cost-effective instant replay control solution for live streaming or recording sports. The vMix template provides instant setup of all keys and indicators to control all four channels of instant replay in vMix Pro as well as instantly creating clips for multiple highlight reels.

Features

- Industry standard jog & shuttle control for setting in and out points
- Instant setup in vMix with built-in template
- Smooth action T-bar for live playback speed control
- Heavy-duty extruded aluminum case with powder coated finish
- USB connection to computer
